

## APPENDICES

### Appendix 1 Evaluation Index System for the Implementation of Smoke-Free Regulations

First-level indicators	Second-level indicators	Third-level indicators	Evaluation standard
1. Simple, clear and executable legislation	1.1 Nature of regulations:	① local regulations; ② government regulations	① get 10 points, ② get 5 points
	1.2 Scope of application:	①Counties and districts; ②Central urban area	① get 10 points, ② get 5 points
	1.3 Management department:	① City (district) level Tobacco Control Office, Patriotic Health Campaign Committee, Health Promotion Committee, etc.; ② Health and Family Planning Department	① get 10 points, ② get 5 points
	1.4 Supervision principles for social co-governance:	①Yes; ②No	① get 10 points, ② get 0 points
	1.5 Scope of smoke-free places:	①Comprehensively smoke-free: stipulate that indoor workplaces, indoor public places, public transportation are prohibited from smoking, and where appropriate, prohibit smoking in other (outdoor or quasi outdoor) public places; ②Partially smoke-free: laws and regulations that do not meet the comprehensive smoke-free requirements	① get 10 points, ② get 5 points
	1.6 Requirements for no-smoking places:	Develop a smoking management system; set standard no-smoking signs; do not provide smoking tools and no tobacco advertisements; carry out smoking ban inspections and keep records; discourage illegal smokers; set up tobacco control inspections or supervisors; tobacco control education, etc.	Accumulative score, 1 point / article, the full score is 10 points, if there are 8 all, then the full score
	1.7 Accountability mechanism:	①Yes ②No	① get 10 points, ② get 0 points
	1.8 Law Enforcement Procedures:	Comprehensively consider the punishment procedures of individuals and places. Experts evaluate the complexity of the punishment procedures and whether they can improve the efficiency of law enforcement.	Divided into three levels: ① good: 10 points; ② medium: 5 points; ③ poor: 2 points
	1.9 Fines :	Comprehensively consider the amounts of fines of individuals and places. Experts evaluate the amounts of fines according to whether they are appropriate and whether they can improve the efficiency of law enforcement.	Divided into three levels: ① good: 10 points; ② medium: 5 points; ③ poor: 2 points
	1.10 Advocacy clauses:	Provide incentives to promote smoking bans in places; encourage the public and social organizations to participate in tobacco control; encourage medical institutions to provide smoking cessation assistance;	2 points for each item, 10 points for 5 items; 10 points for more than 5 items

	encourage smoking in public activities; encourage industry to develop and implement tobacco control guidelines, etc.		
	1.11 Supporting mechanism for law enforcement: monitoring and evaluation mechanism; publicity and education mechanism; behavior intervention mechanism; funding guarantee mechanism; positioning of tobacco control work, etc.		2 points for each item, 10 points for 5 items; 10 points for more than 5 items
2. Careful planning and sufficient resources for law enforcement	2.1 Preparation for law enforcement	2.1.1 Construction of law enforcement coordination network	5 points for fixed coordination agencies, 0 points for non-coordination agencies; 5 points for established coordination mechanisms, 0 points for non-establishment agencies; full score of 10 points
		2.1.2 Work of coordination agencies: regular meeting system, organization of joint law enforcement actions, regular collection and notification of law enforcement data, organization of law enforcement supervision and inspection, coordination of problems in tobacco control work, organization of tobacco control monitoring assessment and release of assessment reports, etc.	Cumulative score, 2 points / item, full score is 10 points
		2.1.3 Staffing situation: including coordination agency staff and law enforcement personnel;	Coordinating agency staff (4 points): Coordinating agency has full-time staff who get 2-4 points according to the number of personnel, only part-time staff get 1-2 points according to the number of personnel, and non-smoking workers get 0 points; Law enforcement officers (6 points): 6 points for clarifying the duties of law enforcement personnel and having assessment objectives, Only the duty of law enforcement personnel gets 4 points, No clear law enforcement officers get 0 points
		2.1.4 Investment in law enforcement funds per 10,000 people = annual investment / number of permanent residents in the year * 10000	To calculate the percentile, [max, P97] gets 10 points, (P97, P84] gets 8 points, (P84, P50) gets 6 points, (P50, P16) gets 4 points, (P16, P3) gets 2 points, (P3, min (≠ 0)] get 1 point, 0 or no data get 0 point.
		2.1.5 Law enforcement documents: including plans or schemes, guidelines, rules; expert review scores	Divided into three levels: ① good: 10 points; ② medium: 5 points; ③ poor: 2 points
		2.1.6 Law enforcement evaluation system: whether there is a tobacco control law enforcement evaluation system;	Divided into three levels: ① good: 10 points; ② medium: 5 points; ③ poor: 2 points

		expert review score	
		2.1.7 Law enforcement tools: including invoices, special accounts for tobacco control and confiscation, and law enforcement equipment	10 points for 3 types and above, 5 points for 2 types, 2 points for 1 type, 0 points for none
	2.2 Construction of law enforcement environment for non-smoking places	2.2.1 Guideline development: Has a guideline for creating a smoke-free environment in non-smoking locations been developed? ①Yes ②No	① get 10 points, ② get 0 points
		2.2.2 Smoke-free sign management system: whether there are regulations and management systems related to smoke-free sign? ①Yes ②No	① get 10 points, ② get 0 points
		2.2.3 Rate of posting or setting of non-smoking signs: the result of investigation	To calculate the percentile, [max, P97] gets 10 points, (P97, P84] gets 8 points, (P84, P50) gets 6 points, (P50, P16) gets 4 points, (P16, P3) gets 2 points, (P3, min (≠ 0)] get 1 point, 0 or no data get 0 point.
		2.2.4 Eligibility rate for non-smoking signs: The result of the investigation	To calculate the percentile, [max, P97] gets 10 points, (P97, P84] gets 8 points, (P84, P50) gets 6 points, (P50, P16) gets 4 points, (P16, P3) gets 2 points, (P3, min (≠ 0)] get 1 point, 0 or no data get 0 point.
	2.3Enforcement training	2.3.1 Training of law enforcement personnel	10 points if organized, 0 points if not organized
		2.3.2 Training for site managers	10 points if organized, 0 points if not organized
	2.4 Supervision of tobacco control law enforcement: including the NPC (government) organization to carry out law enforcement inspections, NPC (government) leaders to participate in activities related to smokeless regulations, and the NPC (government) requires law enforcement agencies to report on tobacco control law enforcement		Law enforcement inspection activities 2 points / 1 time, 4 points for 2 times or more one year Requires reporting on tobacco control law enforcement work 2 points / 1 time, 4 points for 2 times or more one year Leaders participate in activities related to smoke-free regulations 1 point / time, greater than or equal to 2 times per year, 2 points are recorded
	2.5 Law enforcement actions and fines	2.5.1 Number of inspection sites per 10,000 people = number of non-smoking inspection sites per year / number of permanent residents in that year * 10000	To calculate the percentile, [max, P97] gets 10 points, (P97, P84] gets 8 points, (P84, P50) gets 6 points, (P50, P16) gets 4 points, (P16, P3) gets 2 points, (P3, min (≠ 0)] get 1 point, 0 or no data get 0 point.
		2.5.2 Number of warnings and ordered rectifications per 10,000 people = number of annual warnings and ordered	To calculate the percentile, [max, P97] gets 10 points, (P97, P84] gets 8 points, (P84, P50) gets 6 points, (P50, P16) gets 4 points,

		rectifications / number of permanent residents of the year * 10000	(P16, P3) gets 2 points , (P3, min ( $\neq$ 0)) get 1 point, 0 or no data get 0 point.
		2.5.3 Number of place punishment cases per 10,000 people = number of place punishment cases per year / number of permanent residents of the year * 10000	To calculate the percentile, [max, P97] gets 10 points, (P97, P84] gets 8 points, (P84, P50) gets 6 points, (P50, P16) gets 4 points, (P16, P3) gets 2 points , (P3, min ( $\neq$ 0)) get 1 point, 0 or no data get 0 point.
		2.5.4 Number of personal punishment cases per 10,000 people = number of personal punishment cases per year / number of permanent residents in that year * 10000	To calculate the percentile, [max, P97] gets 10 points, (P97, P84] gets 8 points, (P84, P50) gets 6 points, (P50, P16) gets 4 points, (P16, P3) gets 2 points , (P3, min ( $\neq$ 0)) get 1 point, 0 or no data get 0 point.
		2.5.5 Amounts of fines per 10,000 people = total amount of annual fines (places and individuals) / number of permanent residents in the year * 10000	To calculate the percentile, [max, P97] gets 10 points, (P97, P84] gets 8 points, (P84, P50) gets 6 points, (P50, P16) gets 4 points, (P16, P3) gets 2 points , (P3, min ( $\neq$ 0)) get 1 point, 0 or no data get 0 point.
3. Participation of civil society	3.1 Volunteer participation	3.1.1 Number of volunteers per 10,000 people = number of tobacco control volunteers / number of permanent residents of the year * 10000	To calculate the percentile, [max, P97] gets 10 points, (P97, P84] gets 8 points, (P84, P50) gets 6 points, (P50, P16) gets 4 points, (P16, P3) gets 2 points , (P3, min ( $\neq$ 0)) get 1 point, 0 or no data get 0 point.
		3.1.2 Volunteer work guide: ①Yes ②No	① get 10 points, ② get 0 points
		3.1.3 Volunteer training	10 points have been organized, 0 points have not been organized
		3.1.4 Recruitment and management system: ①Yes ②No	① get 10 points, ② get 0 points
		3.1.5 Volunteer work guarantee: Does the government provide funding, policy and other guarantees for the daily work of volunteers? ①Yes ②No	① get 10 points, ② get 0 points
		3.1.6 Volunteer activities: whether to regularly organize tobacco control volunteers to carry out centralized tobacco control related activities? ① Yes ②No	① get 10 points, ② get 0 points
	3.2 Complaint report	3.2.1 Number of complaints reported per 10,000 people = annual number of complaints (all reporting channels) / number of permanent residents in the year * 10000	To calculate the percentile, [max, P97] gets 10 points, (P97, P84] gets 8 points, (P84, P50) gets 6 points, (P50, P16) gets 4 points, (P16, P3) gets 2 points , (P3, min ( $\neq$ 0)) get 1 point, 0 or no data get 0 point.
		3.2.2 Reporting and replying system: ①Yes ②No	① get 10 points, ② get 0 points
	3.3 Participation of social organizations: whether there are social groups		① get 10 points, ② get 0 points

	involved in tobacco control ①Yes ②No		
	3.4 Quit smoking service:①Yes ②No		① get 10 points, ② get 0 points
4. Communication	4.1 Communication plan: ①Yes ②No		① get 10 points, ② get 0 points
	4.2 Communication funds per 10,000 people = annual tobacco control communication funds / number of permanent residents in that year * 10000		To calculate the percentile, [max, P97] gets 10 points, (P97, P84] gets 8 points, (P84, P50) gets 6 points, (P50, P16) gets 4 points, (P16, P3) gets 2 points, (P3, min (≠ 0)] get 1 point, 0 or no data get 0 point.
	4.3 Communication methods: mainstream mass media communication; press conferences and other promotional activities; self-media communication through Weibo and WeChat; invite celebrity experts as promotional spokespersons; place tobacco control advertisements; post smoke-free promotional posters; conduct case publicity, etc.		Use one method of promotion to get 2 points, accumulate points, the full score is 10 points
	4.4 Communication activities: refer to the large-scale publicity activities carried out every year		2 points / time, cumulative score, full score 10 points
	4.5 Communication effect	4.5.1 Public awareness of core knowledge of smoke-free regulations: survey results	To calculate the percentile, [max, P97] gets 10 points, (P97, P84] gets 8 points, (P84, P50) gets 6 points, (P50, P16) gets 4 points, (P16, P3) gets 2 points, (P3, min (≠ 0)] get 1 point, 0 or no data get 0 point.
		4.5.2 Public awareness of tobacco hazard knowledge: survey results	To calculate the percentile, [max, P97] gets 10 points, (P97, P84] gets 8 points, (P84, P50) gets 6 points, (P50, P16) gets 4 points, (P16, P3) gets 2 points, (P3, min (≠ 0)] get 1 point, 0 or no data get 0 point.
5. Monitor and evaluate the implementation and impact of laws	5.1Monitoring and evaluation plans and programs: ①Yes ②No		① get 10 points, ② get 0 points
	5.2 Evaluation of the effect of implementing laws	5.2.1 Illegal smoking rate	10 points for evaluation, 0 points for nothing
		5.2.2 Tobacco smoke concentration in non-smoking places	10 points for evaluation, 0 points for nothing
		5.2.3 Health effect assessment	10 points for evaluation, 0 points for nothing
		5.2.4 Support rate of smoke-free regulations	10 points for evaluation, 0 points for nothing
		5.2.5 Smoking rate of adults over 15 years old	10 points for evaluation, 0 points for nothing
	5.3 Basic information on health effect assessment of laws and regulations: including data on morbidity and mortality of tobacco-related diseases: ①Yes ②No		① get 10 points, ② get 0 points

	5.4 Release of monitoring and evaluation results	10 points if released to the public, 0 points if not released to the public
--	--	---

## Appendix 2: 2016-2018 City Tobacco Control Law Enforcement Actions and Results

City	Number of inspection sites	Number of places that are warned and ordered to rectify	2016		2017		2018	
			Fine (place)		Fine (individual)		Fine (place)	
			Number of cases	Amount (yuan)	Number of cases	Amount (yuan)	Number of cases	Amount (yuan)
Beijing	-	-	429	-	1917	-	161621	5359
Shanghai	150449	2083	174	331571	157	11000	240214	1549
Shenzhen	63699	5745	4	110000	20345	1017550	72748	6398
Harbin	5319	451	100	19700	54	10800	4621	339
Hangzhou	14145	1279	344	120300	6	300	19443	1699
Lanzhou	19606	3170	14	28000	0	0	46568	4042
Qingdao	9953	569	1	2000	0	0	11629	614
Xining	19772	1094	1950	139100	95	9500	31962	1612

-: No data collected

## Appendix 3

### Appendix 3-1 The adjusted evaluation index system for the implementation of smoke-free laws and regulations (English version)

First-level indicators	Second-level indicators	Third-level indicators	Evaluation standard
1. Simple, clear and executable legislation	1.1 Nature of regulations:	① local regulations; ② government regulations	① get 10 points, ② get 5 points
	1.2 Management department:	① City (district) level Tobacco Control Office, Patriotic Health Campaign Committee, Health Promotion Committee, etc.; ② Health and Family Planning Department	① get 10 points, ② get 5 points
	1.3 Supervision principles for social co-governance:	①Yes; ②No	① get 10 points, ② get 0 points
	1.4 Scope of smoke-free places:	①Comprehensively smoke-free: stipulate that indoor workplaces, indoor public places, public transportation are prohibited from smoking, and where appropriate, prohibit smoking in other (outdoor or quasi outdoor) public places; ②Partially smoke-free: laws and regulations that do not meet the comprehensive smoke-free requirements	① get 10 points, ② get 5 points
	1.5 Requirements for no-smoking places:	<b>Develop a smoking management system; set standard no-smoking signs; do not provide smoking tools and no tobacco advertisements; discourage illegal smokers; set up tobacco control inspections or supervisors;</b> carry out smoking ban inspections and keep records; tobacco control education, etc.	Bold entry 2 points / article, other 1 point / article, full score 10 points
	1.6 Accountability mechanism:	①Yes ②No	① get 10 points, ② get 0 points
	1.7 Law Enforcement Procedures:	Comprehensively consider the punishment procedures of individuals and places. Experts evaluate the complexity of the punishment procedures and whether they can improve the efficiency of law enforcement.	Divided into three levels: ① good: 10 points; ② medium: 5 points; ③ poor: 2 points
	1.8 Fines:	Comprehensively consider the amounts of fines of individuals and places. Experts evaluate the amounts of fines according to whether they are appropriate and whether they can improve the efficiency of law enforcement.	Divided into three levels: ① good: 10 points; ② medium: 5 points; ③ poor: 2 points
	1.9 Supporting mechanism for law enforcement:	monitoring and evaluation	2 points for each item, 10 points for 5 items; 10 points for

	mechanism; publicity and education mechanism; behavior intervention mechanism; funding guarantee mechanism; positioning of tobacco control work, etc.		more than 5 items
2. Careful planning and sufficient resources for law enforcement	2.1 Preparation for law enforcement	2.1.1 Construction of law enforcement coordination network	5 points for fixed coordination agencies, 0 points for non-coordination agencies; 5 points for established coordination mechanisms, 0 points for non-establishment agencies; full score of 10 points
		2.1.2 Work of coordination agencies: regular meeting system, organization of joint law enforcement actions, regular collection and notification of law enforcement data, organization of law enforcement supervision and inspection, coordination of problems in tobacco control work, organization of tobacco control monitoring assessment and release of assessment reports, etc.	Cumulative score, 2 points / item, full score is 10 points
		2.1.3 Staffing situation: Coordination agency staff	Coordinating agency full-time staff 3 points / person, part-time staff 1 point / person, non-smoking workers get 0 points; full score is 10 points
		2.1.4 Law enforcement documents: including plans or schemes, guidelines, rules; expert review scores	Divided into three levels: ① good: 10 points; ② medium: 5 points; ③ poor: 2 points
		2.1.5 Law enforcement evaluation system: whether there is a tobacco control law enforcement evaluation system; expert review score	Divided into three levels: ① good: 10 points; ② medium: 5 points; ③ poor: 2 points
	2.2 Construction of law enforcement environment for non-smoking places	2.2.1 Guideline development: Has a guideline for creating a smoke-free environment in non-smoking locations been developed? ①Yes ②No	① get 10 points, ② get 0 points
		2.2.2 Smoke-free sign management system: whether there are regulations and management systems related to smoke-free sign? ①Yes ②No	① get 10 points, ② get 0 points
		2.2.3 Rate of posting or setting of non-smoking signs: the result of investigation	To calculate the percentile, [max, P97] gets 10 points, (P97, P84] gets 8 points, (P84, P50) gets 6 points, (P50, P16) gets 4 points, (P16, P3) gets 2 points, (P3, min (≠ 0)] get 1 point, 0

			or no data get 0 point.
	2.3 Enforcement training	2.3.1 Training of law enforcement personnel	10 points if organized, 0 points if not organized
		2.3.2 Training for site managers	10 points if organized, 0 points if not organized
	2.4 Supervision of tobacco control law enforcement: including the NPC (government) organization to carry out law enforcement inspections, NPC (government) leaders to participate in activities related to smokeless regulations, and the NPC (government) requires law enforcement agencies to report on tobacco control law enforcement		Law enforcement inspection activities 2 points / 1 time, 4 points for 2 times or more one year Requires reporting on tobacco control law enforcement work 2 points / 1 time, 4 points for 2 times or more one year Leaders participate in activities related to smoke-free regulations 1 point / time, greater than or equal to 2 times per year, 2 points are recorded
	2.5 Penalty result	2.5.1 Number of place punishment cases per 10,000 people = number of place punishment cases per year / number of permanent residents of the year * 10000	According to the actual situation of the indicator, set the original value segment evaluation standard
		2.5.2 Number of personal punishment cases per 10,000 people = number of personal punishment cases per year / number of permanent residents in that year * 10000	
3. Participation of civil society	3.1 Volunteer participation	3.1.1 Number of volunteers per 10,000 people = number of tobacco control volunteers / number of permanent residents of the year * 10000	According to the actual situation of the indicator, set the original value segment evaluation standard
		3.1.2 Volunteer work guide: ①Yes ②No	① get 10 points, ② get 0 points
		3.1.3 Volunteer training	10 points have been organized; 0 points have not been organized
		3.1.4 Recruitment and management system: ①Yes ②No	① get 10 points, ② get 0 points
		3.1.5 Volunteer work guarantee: Does the government provide funding, policy and other guarantees for the daily work of volunteers? ①Yes ②No	① get 10 points, ② get 0 points
		3.1.6 Volunteer activities: whether to regularly organize tobacco control volunteers to carry out centralized tobacco control related activities? ① Yes ②No	① get 10 points, ② get 0 points
	3.2 Complaint report	3.2.1 Number of complaints reported per 10,000 people = annual number of complaints (all reporting channels) / number of permanent residents in the year * 10000	According to the actual situation of the indicator, set the original value segment evaluation standard
		3.2.2 Reporting and replying system: ①Yes ②No	① get 10 points, ② get 0 points

	3.3 Participation of social organizations: whether there are social groups involved in tobacco control ①Yes ②No		① get 10 points, ② get 0 points
	3.4 Quit smoking service:①Yes ②No		① get 10 points, ② get 0 points
4. Communication	4.1 Communication plan: ①Yes ②No		① get 10 points, ② get 0 points
	4.2 Communication funds per 10,000 people = annual tobacco control communication funds / number of permanent residents in that year * 10000		According to the actual situation of the indicator, set the original value segment evaluation standard
	4.3 Communication methods: traditional media (TV, radio, newspapers, magazines, news agencies, news websites, etc.), new media (Weibo, WeChat, QQ, etc.), others (posting posters, large-screen promotion, etc.)		Use mainstream media to get 4-6 points, use new media to get 1-2 points, use other methods to get 1-2 points, the specific score is evaluated by experts. Full score is 10 points
	4.4 Communication activities: refer to the large-scale publicity activities carried out every year		5 points for holding the "World No Tobacco Day Event" and 2 times / points for other events, the full score is 10 points
	4.5 Communication effect	4.5.1 Awareness rate of smoke-free regulations	According to the actual situation of the indicator, set the original value segment evaluation standard
		4.5.2 Awareness rate of smoking causes stroke	
5. Monitor and evaluate the implementation and impact of laws	5.1 Monitoring and evaluation plans and programs: ①Yes ②No		① get 10 points, ② get 0 points
	5.2 Evaluation of the effect of implementing laws	5.2.1 Illegal smoking rate	5 points for conducting surveys, and 5 points for conducting surveys in the last three years, with a full score of 10
		5.2.2 Tobacco smoke concentration in non-smoking places	5 points for conducting surveys, and 5 points for conducting surveys in the last three years, with a full score of 10
		5.2.3 Health effect assessment	5 points for conducting surveys, and 5 points for conducting surveys in the last three years, with a full score of 10
		5.2.4 Support rate of smoke-free regulations	5 points for conducting surveys, and 5 points for conducting surveys in the last three years, with a full score of 10
		5.2.5 Smoking rate of adults over 15 years old	5 points for conducting surveys, and 5 points for conducting surveys in the last three years, with a full score of 10
	5.3 Basic information on health effect assessment of laws and regulations: including data on morbidity and mortality of tobacco-related diseases: ①Yes ②No		① get 10 points, ② get 0 points
	5.4 Release of monitoring and evaluation results		10 points if released to the public, 0 points if not released to the public

**Appendix 3-1 The adjusted evaluation index system for the implementation of smoke-free laws and regulations (Chinese version)**

一级指标	二级指标	三级指标	评价标准
1.简单、明确、可执行的立法	1.1法规性质：①地方性法规；②政府规章制度		①得10分，②得5分
	1.2管理部门：①控烟办、爱卫或健康促进等；②卫生计生部门		①得10分，②得5分
	1.3社会共治方面的监管原则：①有；②没有		①得10分，②得0分
	1.4无烟场所范围：①全面无烟：规定室内工作场所、室内公共场所、公共交通工具禁止吸烟，适当时规定在其他（室外或准室外）公共场所禁止吸烟；②部分禁烟：未到达全面无烟要求的法规		①得10分，②得5分
	1.5对禁止吸烟场所的要求：制定吸烟管理制度；设置标准禁止吸烟标识；不得提供烟具及不得设置烟草广告；劝阻违法吸烟者；设置控烟检查或督导员；开展禁烟检查并留存记录；进行控烟宣传教育等		加粗条目2分/条，其他1分/条，满分10分
	1.6问责机制		有得10分，无得0分
	1.7执法程序：综合考虑个人和场所的处罚程序，专家根据处罚程序的繁复程度、是某可提高执法效率进行评价。		分为三个等级：①好：10分；②中：5分；③差：2分
	1.8处罚金额：综合考虑个人和场所的罚款金额，专家根据罚款金额是否合适、是某可提高执法效率进行评价。		分为三个等级：①好：10分；②中：5分；③差：2分
	1.9执法配套机制：监测评估机制；宣传教育机制；行为干预机制；经费保障机制；对控烟工作的定位等。		每一条得2分，满5条得10分；如果超过5条，也得10分
2.对法律实施和执法的精心规划和充足资源	2.1执法准备情况	2.1.1执法协调网络建设	固定的协调机构得5分，无协调机构得0分；建立了协调机制得5分，未建立得0分；满分10分
		2.1.2协调机构工作：例会制度、组织联合执法行动、定期收集整理并通	累计得分，2分/项，满分为10分

		报执法数据、组织进行执法监督检查、协调控烟工作中的问题、组织控烟监测评估并发布评估报告等	
		2.1.3人员配备情况：协调机构工作人员	协调机构专职人员3分/名，兼职人员1分/名，无控烟工作人员得0分；满分为10分
		2.1.4执法文件：计划或方案、指南、细则（专家审阅）	分为三个等级：①好：10分；②中：5分；③差：2分
		2.1.5执法考核制度：是否有控烟执法考核制度；专家审阅评分	分为三个等级：①好：10分；②中：5分；③差：2分
	2.2禁烟场所 执法环境建设	2.2.1指南制定：是否制定了禁烟场所创建无烟环境指南	有10分，没有得0分。
		2.2.2禁烟标识管理制度：是否有禁烟标识相关规范及管理制度	有10分，没有得0分。
		2.2.3禁烟标识张贴率或设置率	根据指标实际情况设置原始值分段评价标准
	2.3执法培训 情况	2.3.1执法人员培训	组织过得10分，未组织过得0分
		2.3.2场所管理者培训	组织过得10分，未组织过得0分
	2.4监督控烟执法情况：包括人大（政府）组织开展执法检查、人大（政府）领导参与无烟法规相关活动、人大（政府）要求执法机构汇报控烟执法工作情况		执法检查活动2分/1次，每年大于或等于2次均记4分 要求汇报控烟执法工作2分/1次，每年大于或等于2次均记4分 领导参与无烟法规相关活动1分/次，每年大于或等于2次，均记2分
	2.5处罚结果	2.5.1每万人场所处罚案例数=年场所处罚案例数/当年常住人口数*10000	根据指标实际情况设置原始值分段评价

		2.5.2每万人个人处罚案例数=年个人处罚案例数/当年常住人口数*10000	标准
3.公民社会的参与	3.1志愿者参与	3.1.1每万人志愿者数量=控烟志愿者数量/当年常住人口数*10000	根据指标实际情况设置原始值分段评价标准
		3.1.2志愿者工作指南	有得10分，无得0分。
		3.1.3志愿者培训	组织过得10分，未组织过0分
		3.1.4招募和管理制度	有得10分，无得0分
		3.1.5志愿者工作保障：政府是否为志愿者的日常工作提供经费、政策等保障	有得10分，无得0分
		3.1.6志愿者活动：是否定期组织控烟志愿者进行集中控烟相关活动	是得10分，否得0分
	3.2投诉举报	3.2.1每万人举报投诉量=年投诉量（所有举报途径）/当年常住人口数*10000	根据指标实际情况设置原始值分段评价标准
		3.2.2举报回复制度	有得10分，无得0分
	3.3社会组织参与：有参与控烟工作的社会团体		有得10分，无得0分
4.宣传和传播	3.4戒烟服务		有得10分，无得0分
	4.1宣传计划		有得10分，无得0分
	4.2每万人宣传经费=年控烟宣传经费/当年常住人口数*10000		根据指标实际情况设置原始值分段评价标准
